The Rev. Irl R. Hicks 1912 Almanac

Before the great drouth of 1911, the Hicks Almanac gave timely warning. For over two years prior to 1911, the Hicks Almanac again sounded a warning of drouth danger. And so for forty years this same friend of all the people has steadfastly refused the offers of speculators and continued to warn the public of the coming dangers of storm and weather. As they should have done the people have nobly stood by Professor Hicks, their faithful public servant who has grown old in their service. Send only one dollar to WORD and WORKS PUBLISHING COMPANY, 3491 Franklin Avenue, St. Louis, Missouri, and get his Magazine and Almanac both for one year. The Almanac alone, a fine book of 150 pages, is only 35cts. by mail. Let everybody respond and receive the warnings of our National Seer for the coming year.
